SUMMARY

I am a passionate software enthusiast eager to kick-start my career. I leverage data to identify patterns, preprocess it, and create meaningful reports. Skilled in using tools such as Excel, SQL, Python, and Power BI. I'm excited to continue learning and growing my skills in a professional setting. I thrive in team environments, enjoy solving data challenges, and am always meticulous in my work.

EXPERIENCE

Fresher — actively seeking entry-level opportunities .

PROJECTS

Historia — Historical Awareness Project

- Built a project focused on raising historical awareness, presenting curated historical data and events in an accessible, engaging format.
- Researched, organized, and structured historical information to make it easy to explore and understand.

Skills: Research, data organization, content structuring

Portfolio Website (aparup.xyz)

- Designed and built a personal portfolio website to showcase projects, skills, and achievements.
- Hosted the site at aparup.xyz to provide a central, accessible hub for prospective employers and collaborators.

Tools: Web development, hosting & deployment

Sales Performance Analysis

- Analyzed sales data to identify trends, seasonality, and factors impacting sales performance.
- Created visual reports using Tableau and Power BI to track key metrics such as total sales, average order value, and sales growth.

Skills: Data cleaning, data visualization, trend analysis, report generation | Tools: Excel, Tableau, Power BI, SQL

Data Visualization with Matplotlib

- Analyzed a dataset and created visualizations to identify trends and patterns using Matplotlib.
- Produced bar charts, histograms, and line plots to display key insights and statistics.
- Focused on transforming raw data into clear, actionable visual reports.

Tools: Python, Matplotlib

EDUCATION

Bachelor of Computer Application, Brainware University **08/2022 - 2025**
Percentage: 82.22%

Higher Secondary (XII), Commerce, Paniparul Mukteswar High School **08/2020 - 2022**
Percentage: 88%
